Editorial

Ready or not winter is here. I hope that everyone had a great holiday season. The plans for 2019 are falling into place, see Allen's comments and the schedule on page 4. There will be lots to do in 2019, so get those Tubs back on the road as soon as the weather warms up.

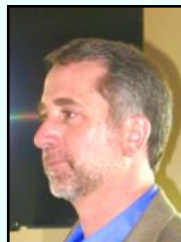

I'd like to thank all of those who responded to the recent survey we did about Club activities. As a result we have made a number of changes to our 2019 schedule of events. It's very difficult to plan events for all of the membership due to the large area of the of our region. We try very hard to have events that members can attend without traveling long distances. Suggestions are always welcome. If anyone would like to see the results of the survey they are in the minutes of the December 2018 board meeting that are posted on the website.

On page 9, I've included an article about Club operations and guidelines. Every year we get a number of new members and it may not be obvious how to access all of the Club's features. I've tried to explain things so everyone can enjoy the benefits of being a Club member while defining the limits of certain activities. Normally everyone abides by the guidelines but problems have occurred in the past, usually by accident. I plan to run this article in the January issue every year if I remember.

PRESIDENTS MESSAGE— JANUARY 2019

A new year has arrived, and a brand-new Club Calendar to go with it. At this year's planning meeting we listened to your recommendations from the Club member survey. As a result, we tried to add new and different events throughout the year mixed in with many of your old favorites.

The major old favorite that is staying is our Annual Club Holiday Party to be held on Sunday, January 27th. This year we will return to the Tuscan Kitchen in Burlington, MA. This was a very popular location a few years ago when the Holiday Party was held there. We will be giving away \$100 Sierra Madre Gift Certificates to five lucky winners along with our traditional Yankee Gift Swap. The passed appetizers and food should be excellent. So, if you have not signed up for the party yet please do so soon by notifying Tom Tate and Lisa Siegal of your planned attendance. See page 6.

On the 16th of March we will be visiting Rick's Custom Fabrications in West Bridgewater, MA for morning coffee and donuts with pizza for lunch arranged by Tom Tate. The Club has been to Rick's before, with the last visit two years ago. For new members that are not familiar with Rick's shop, it is well worth the visit. Rick is an excellent metal fabricator. His restorations are thorough and very well done. He gives an excellent presentation and demonstration of how he does his work. It is a definite learning experience well worth your time.

The 13th of April Peter Thompson has once again agreed to host a swap meet at his garage in West Newbury, MA. This was very popular last year with many members going home with needed items for their projects. So, if you have items to sell please bring them, and if you are looking for a bargain this is the place to be.

Later in, April on Sunday the 28th, I will be leading a 1.5 hour back roads drive to the Vanilla Bean Café in Pomfret, Connecticut for lunch starting from my home in Sherborn, MA at 10 AM where we will begin with coffee and locally baked donuts. The Club has not been to the Vanilla Bean for 3 years, but this has been a very popular drive in the past. Since the starting place will be different from past years, the drive there will also be somewhat new and different.

Many members in the Club survey requested

more events in Northern New England be arranged, and that we bring back Fall and Spring Tours. In response to this, in May, the Club will hold three Northern events. The first will be a shop tour of Sprockets Northeast owned by Aaron Tuffley in Gloucester, MA on May 4th. The second will be another shop tour of HM Motorworks owned by Haleem Mediouni in Merrimack, NH on May 11th.

Finally, we will have a Club Spring Tour based at the Kitzhof Inn in West Dover, Vermont. This tour was instantly very popular when announced, with the tour selling out within one week of opening the hotel booking. The Kitzhof Inn is now filled with 47 members attending and 4 members on a waiting list in case there are cancellations. If more of you sign up with me to be on the waiting list, I will try to arrange for

lodging at a nearby second Inn to allow more to attend. This tour will feature a drive to Restoration and Performance Motorcars (RPM) in Vergennes, Vermont where we will be given a shop tour of this excellent classic car restoration facility. Other area drives will be available for those that want to explore on their own. We will have two group dinners and cocktail hours with two group breakfasts.

There are many other Club events scheduled in June, July, August, September and October that you will find listed on the tentative Club calendar here in the Tub Times. Most events and dates are confirmed like Greg Lane's always excellent, Connecticut tour that has been moved to the Fall on Saturday, October 5th. The major events that have tentative dates are in September. These are the exact location and venue for Club Day and the definite date for Frank Anigbo's Cape Cod Drive and lunch. The reason for these two still being tentative as to date is that we are still looking into new possible venues for Club Day as many of you requested in the survey. Other September event dates will be determined by when and where Club Day is held.

Finally, thank you for your patience with our PayPal rollout, start and stop, difficulties. We continue to work on the resolution of this matter. Until then please continue to pay your dues and Holiday Party payments by check made out to TYP356ne and mailed to Tom Tate as in the past.

I hope to see many of you at the Holiday Party a few weeks from now.

Allen Sisson, President TYP356nebut new for this year,

WHAT ARE WE GOING TO DO IN 2019?

Each year we have an annual Planning Meeting in the beginning of December to review and schedule the TYP356ne club events for the following year. On December 8th, several Board members, TYP356ne members and new members came to the Burlington Library to share ideas and help plan tours, drives, tech sessions & overnight adventures that would be of interest to our club members. We went through the calendar each month and put in new and old activities for everyone to participate. (See page 4)

For club members that could not attend the meeting but would still love to host a run or event or tech session, just let us know and we can add it for 2019! We are excited about the upcoming year and included many of the survey results and comments into the planning process.

We hope to see you and your car at an event in 2019.

Life is too short to drive boring cars!

ODDS AND ENDS—MYSTERY RACER

A guy in New Hampshire sent me these pictures back over a year ago. He bought this from a friend who, he said, raced it with a Porsche Super 90 engine in the late 50's, early 60's in New England. His friend has passed on and he is trying to find out information about the car. He was told that it was raced at Lime Rock and Loudon, NH. It looks like an interesting car. If any members have seen or know about the car let me know. Unfortunately, I don't have any other information.

TYP356ne General Operations and Guidelines

Every year we get a number of new members. It is therefore helpful to annually review the operations and guidelines of the club so everyone can get the maximum benefit for being a member. Here they are-

General Information

Website- the most up-to-date information about the Club can be found on the Club website- www.TYP356ne.org. The site will have general info, the bylaws, Club history, the schedule of events, membership info, pictures, officer information, board meeting minutes, and more. In 2018, because the old site was out of date, a new website was created. It looks completely different than the old site, but retains most, but not all, of the features of the old site. For example, the pictures of member's cars are no longer on the site. It remains a work in progress, but it is the best source of information about the Club and its activities.

Newsletter- the Club newsletter, TubTimes, is published around the first of every month and emailed to every member. It is also loaded on the website so you can view all past issues of TubTimes as well as some of the old newsletters dating back to the beginning of the Club. TubTimes will always include the full year's schedule of events and detailed information about upcoming events as well as reports on past events. Members are encouraged to send to the editor, technical articles and other information related to Porsches and automobiles in general, that may be of interest to the membership. A classified section is included for members to sell, purchase, or trade items related to our cars. Business advertisements are not allowed in the classified section or elsewhere in TubTimes. The back page lists the Club's sponsors who get a business card size ad placed in each issue. They are also listed on the website.

Flyer- the Club has produced a flyer that members can use to promote the Club. An electronic copy is attached to the email that delivered this issue of TubTimes. If you would like some printed copies that you can carry in your car to handout to prospective members, contact the newsletter editor. They are also available at Club Day and other events.

Communication

Email—One of the most useful benefits of Club membership is our email system. Any Club member can contact all members by sending an email to members@typ356ne.org. If you're not a member you cannot access that address. This is very useful tool to ask technical questions about 356s or to inform members about items or events that are related to our cars. This is an excellent way to communicate with fellow members and it is important that it only be used for Club related purposes. Members are cautioned not to include this address in other groups or in any other way that may result in unintended use.

Board Meetings- The board of directors meet monthly by conference call. All members are welcome to join in, contact the president for details. The membership can contact the board members directly by email. The website lists a Club email address for each board member that can be used by members.

2018*

CLUB ITEMS AVAILABLE

Clothing- TYP356ne has an online store where you can order hats, polo shirts, canvas bags, and any other item that Land's End Business Outfitters carry in their inventory. You can customize any of the items you purchase with the Club's black oval patch. The store address is:

<http://business.landsend.com/store/typ356ne>

When you are on the site, select the product you want to purchase and the quantity. Then select the Apply Logo box and a page will come up with Logo 1. Follow the instructions to complete your order.

Name Tags - We have found a quality vendor that can make and ship you a personalized TYP356ne name badge. They are \$8.50 each with the pin style attachment and \$10.50 each with a magnetic attachment, plus \$3.95 postage. Note: the magnetic backing means you do not have to put pin holes in your TYP356ne polo shirt to wear your name badge.

To order go to <https://www.holmescustom.com/corporatepages/typ356ne> and click on the TYP356ne name badge and it will take you through the process. Within a few days you will have your personalized TYP356ne name badge delivered right to your door. If you have any comments or questions contact Tom Gentz at tgentz@typ356ne.org.

Club Grille Badge

Club members can purchase the "Official Club Badge" for a cost of \$35.00. It is a beautiful badge. Contact Peter Venuti at pvenuti@typ356ne.org for further information.
